BOARDING

SCHOOL

DIRECTORY

Patrick M. Finn

Mark H. Sklarow

We are pleased to present this second edition of the IECA/School Connections Boarding School Directory, a joint project by IECA and School Connections. The directory, complimentary to all IECA consultants and participating schools, was designed to grant easy access to information about boarding schools in the United States, Canada, and Europe. Thank you to the many schools who provided information for the directory, and also to those who placed advertisements.

Please note: the enclosed information was provided in the late spring and early summer. We are not responsible for changes to information which have occurred since that time, nor for any errors in the school listings.

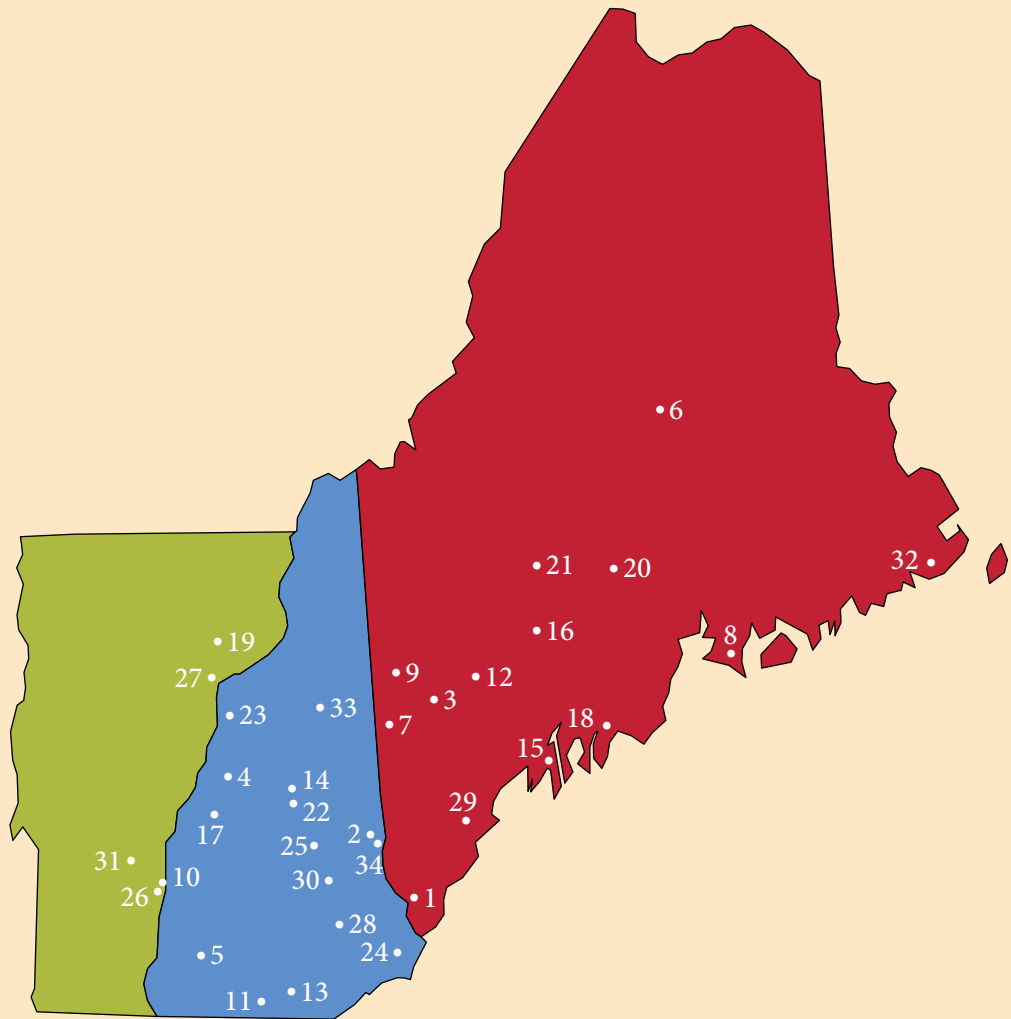

We look forward to your feedback and suggestions and hope you will enjoy this latest edition.

“Kents Hill was one of four schools recommended to us by our Educational Consultant, and our son ultimately made the final decision.

Thank goodness he chose Kents Hill School.

He attended for three years and really created a home and community for himself. The teachers and staff are so supportive and caring, and my son took advantage of the Akin Learning Center for additional academic support.”

School Connections

BUILDING RELATIONSHIPS THROUGH MEANINGFUL CONVERSATIONS

School Connections is unique workshop that offers traditional boarding schools, therapeutic schools and programs, an opportunity to meet with domestic and international educational consultant in an affordable and meaningful venue. Our workshops give each attendee the time to gather information and network to successful place students into the most compatible environment.

Why Attend a School Connections Workshop?

“Traveling to various individual campuses is cost prohibitive in both time and money. School Connections affords me the opportunity to meet with many admission representatives in a small amount of time. To speak with 25 schools one on one in a two-day period is unheard of.”

— Krissy Naspo
Educational Consultant
The Bertam Group

“When I think of all the events we participate in during a year, School Connections is one of the most valuable. It allows Educational Consultants and Boarding School representatives to meet and to come to know each other. From a Boarding School perspective, the appointments give us time to learn about the scope of practice of the consultants. We have been fortunate to have participated in both the American and the International events. We have enrolled students as a direct result of this opportunity. The staff of School Connections work to make the event cost effective and comfortable. They are gracious hosts and take care of even the smallest details. I can recommend this model and this organization without reservation.”
